OBJECTIVE

Motivated BS Computer Science student with hands-on experience in Python, machine learning, and data analysis. Seeking an AI/ML Intern role to contribute to AI solution development through data preprocessing, model building, and evaluation, while bridging academic learning with industry practice.

EDUCATION

University of Sargodha

Bachelor of Science in Computer Science CGPA: **3.97 / 4.00**

Sargodha, Pakistan

Sep 2023 – Jun 2027

- Relevant Coursework: Machine Learning, Artificial Intelligence, Information Security, Semantic Web & Knowledge Engineering

BISE Sargodha

Intermediate (ICS) — 91%

Sargodha, Pakistan

2021 – 2023

BISE Sargodha

Matriculation — 98%

Sargodha, Pakistan

2019 – 2021

SKILLS

Languages: Python, C++, SQL

ML & Data Science: scikit-learn, Pandas, NumPy, Matplotlib, Seaborn, Jupyter Notebook

ML Concepts: Supervised Learning, Data Collection, Data Preprocessing, EDA, Feature Engineering

Tools & Platforms: Git, GitHub, VS Code, Google Colab

Soft Skills: Teamwork, Problem-Solving, Communication, Time Management, Adaptability

PROJECTS

Boston House Price Prediction | *Python, scikit-learn, Pandas* | GitHub

2026

- Built a supervised regression model to predict Boston housing prices, applying scikit-learn for model training and evaluation.
- Conducted full ML pipeline: data loading, preprocessing, EDA, model training, and performance evaluation using NumPy, Pandas, and Matplotlib.

Laptop Pricing – Data Preprocessing+EDA | *Python, Pandas, Matplotlib, Seaborn* | GitHub

2026

- Performed end-to-end data preprocessing on a real-world laptop pricing dataset including null handling, encoding, and outlier removal.
- Demonstrated essential data wrangling techniques applicable to production ML pipelines.
- Conducted univariate and bivariate analysis of features against price using descriptive statistics and correlation analysis.
- Generated visualizations to surface hidden pricing patterns and deliver actionable data insights.

CERTIFICATIONS

Python for Data Science, AI & Development | IBM – Coursera (IBM Verified)

Jul 2025

Crash Course on Python | Google – Coursera (Google Verified)

Jul 2025

ACHIEVEMENTS & AWARDS

Honahaar Scholarship

BS Computer Science

- Awarded merit-based government scholarship for outstanding academic performance throughout BS Computer Science.

PMYLP Laptop Award

Government of Pakistan

- Received a laptop from the Government of Pakistan in recognition of academic distinctions, awarded to top-performing students nationally.
